The Felsted parish registers began in 1558. The John French & Frances Gyver descendant tree is in part substantiated by John's will. He had a house & lands called Rutlands and may have left these to his son, John.

Could his son William be the William French who married Judith Rose?

Over 50 years of Felsted marriages have been lost and many baptisms are illegible. Could the John French who married Mary be the brother of Samuel French?
